I read Robin Hood Adventures by John Burrows. I like it because it begins very adventurously and at the end it has a happy ending. I also like all the Time Warp Trio books because they go back in history and future

I have read a lot of books like the Diary of a Wimpy Kid series, the Harry Potter series, the Boxcar Children series, and a lot more other books. Right now, I am reading the Twilight series. I like this series because there's a lot of action and really explains things. Whenever something bad happens, the good guys always try and fix things. I would recommend this book to people who like mythology.

Twilight

I have also read the Twilight series. Which is your favorite book? Mine is Breaking Dawn, but all of them are so extremely great. The fact that Bella becomes a vampire is awesomely cool!!!!!!!!!!!!!!!!!!!!!!

I love the Harry Potter series and the Boxcar Children series too! I went to Hogwarts this summer which was so much fun. I loved reading Harry Potter in England. I was Hermione Granger for Halloween and soon I will wear it again for Carnival festival here. They do not do Halloween in Spain, so I am glad that I was in NYC then.

I also love Nancy Drew and Jacqueline Wilson books. The Jacqueline Wilson books are very popular with UK kids, but most American kids do not know them.

I love the Inkheart book and I loved the Lemony Snicket books. I have so many books but there are not that many English books here, so I do not have as many as I did at home.

I miss English book libraries. We found some in Sweden and Finland this year and that was fun. I bought a bunch of Astrid Lindgren books for my birthday because we were at the Pippy Longstocking fun kid's museum in Stockholm. You can not find all of those books in America. They were really good.

I also found some really good historical fiction books about Ireland when we were there. We love to find book stores where ever we go.

I love Greek Mythology too and Odysee books. They were fun to read in Greece and Turkey. We found a really cool archeology book in Athens and a fun book in Pompeii. I usually find some books in the museum shops that I love.

Sometimes I read online at e libraries. It is the next best thing.

The Series of Unfortunate Events books rock! Once I got to visit the set of where they filmed the movie. Has anyone seen the movie?

Twilight is freaky. Most of the fifth graders at my school read it. Has anyone seen the movie? It's supposed to be scary!

Right now I am reading the Twilight series. It's great. I also think the Harry Potter series, the His Dark Materials series, (by Phillip Pullman) and The invention of Hugo Cabret are really good too.

Do you know what the Twilight movie is rated? I am *not* going to see it. I saw a picture of the actor who plays Edward and the actress who plays Bella, and they didn't look to be that good. Is the book New Moon as good as Twilight?

Yes, you can go! It is a castle in England where they shot most of the scenes for the Harry Potter movies. It is a lot of fun!

I bought a broom and a Hermione Granger costume there. This Saturday I am going to wear it again for Carnival here in Spain! We don't have school this week.

I learned to fly in the same spot that Harry did! They shot all the quiddich scenes there. They shot many of the outside shots, the car falling into the tree shots and the Hagrid scenes. It looks just like the movies!

They have other cool things there too like a dragon school!

Here is a picture! I played my violin there too.

Is the castle close to London City? You could learn how to fly and go to a dragon school? That's awesome! I would love to go there if I visit England.

Cool!

I wish I could have been on the set of Harry Potter. Which movie is your favorite? My favorite is number 4. however, I think that the book is so much better than the movie.

I also play the violin and can play Hedwig's Theme.

Bye! 😊
