

CTYOnline Eligibility Requirements

Students who achieve a qualifying score on the reading/verbal portion of the appropriate test are eligible to take CTYOnline courses in writing, language arts, social sciences, humanities, music, or foreign language. Students who achieve a qualifying score on the quantitative portion of the appropriate test are eligible to enroll in math, science, computer science, or music courses. Courses may have additional requirements including previous coursework prerequisites, grade level, or technical requirements. Check the course description for details.

Grades PreK - 6

Students who qualify for CTYOnline in grades PreK through 6 remain eligible until the end of the 2nd grade (if they qualified by one of the PreK - 1 tests below) or until the end of 7th grade (if they qualified through the SCAT).

Grades 7 and above

By the end of grade 7, students must have qualifying scores on the ACT or SAT to continue enrolling in CTYOnline courses. Students should register for the CTY Talent Search and take the ACT or SAT during the 7th grade so that their scores will be available by the end of grade 7. The ACT Reading, SAT Verbal (prior to 3/05) or SAT Critical Reading score (3/05 or later) are used to establish eligibility for CTY humanities courses. Official PSAT scores may be submitted for new students in grades 9-12, who are unable to participate in testing arranged by CTY Talent Search. Visit cty.jhu.edu/ctyonline/admissions.html for qualifying PSAT scores.
